**7. Format of the Regatta and Racing Areas**

- 7.1. Weather and resources permitting, SJYCSF is planning for two separate starting lines, one for the Championship Fleet (Red, Blue and White fleets combined) and one for the Optimist Green Fleet.
- 7.2. The racing area for the Championship Fleet will be announced at the Skippers' Meeting but is expected to be in the Sheepscot River between government navigation marks "N 6" and "Gong 4 CL".
- 7.3. The racing area for the Green Fleet will be announced at the Skippers' Meeting but is expected to be just outside Cozy Harbor, between Cedarbush and David's Islands and to the south of the Hendricks Head beach. For parents and spectators, most of the Green Fleet racing should be visible with the naked eye (although binoculars would make it even better) from the Hendricks Head beach, which is a public beach.

**8. Course**

- 8.1. The courses will be provided in the Sailing Instructions (SI).

**9. Scoring for the Championship Fleet**

- 9.1. The Low-Point Scoring System, RRS Appendix A, will be used except when modified by the Sailing Instructions.
- 9.2. One race constitutes a Regatta.
- 9.3. A competitor's worst finish shall be discarded when five or more races have been completed.

## **10. Scoring for the Green Fleet**

- 10.1. Consistent with the USODA Conditions for Sanctioned Regattas and Championships, section 18, the Green Fleet will not be scored.

## **11. Sailing Instructions**

- 11.1. Sailing Instructions will be available to competitors through Regattaman by August 12th.

## **12. Protests**

- 12.1. Competitors in the Championship Fleet shall inform the Race Committee finish boat of the intention to file a protest immediately after finishing.
- 12.2. Protests shall be filed in writing within 30 minutes of when the Race Committee docks. The docking time for the Race Committee shall be posted on the Notice Board. The location of the protest forms will be announced at the Skippers meeting. Flying of a Code Flag B or other flag signal is not required. This modifies the USODA Class Rules.
- 12.3. Competitors in the Green Fleet are expected to do penalty turns if they commit fouls. However, formal protest hearings will not occur for the Green Fleet. If time and resources allow, “mock protest” hearings may occur for Green Fleet competitors.
- 12.4. All competitors and support persons are expected to comply with RRS 69 – Misconduct.
- 12.5. Add to rule 62.2: Any request for redress based on the scoring of a race shall be delivered no more than 30 min after the scores are posted on the Regatta Notice Board.

## **13. Safety**

- 13.1. Each competitor must wear a US Coast Guard or other government approved personal flotation device (PFD), properly secured at all times, from dock to dock, unless when temporarily adding or removing clothing. Wet suits, dry suits and inflatable PFDs do not constitute adequate personal buoyancy. Failure to wear a PFD as required will result in disqualification.
- 13.2. A whistle must be attached with lanyard to the PFD. Competitors not complying with this instruction shall be given a penalty of five (5) points for each race in which they have failed to observe this instruction.
- 13.3. Each competitor shall submit an acceptable USODA Self-Certification Safety Checklist form during the regatta check-in. A coach’s signature is required on the form. Forms will be available online at the regatta website (section 4.1). Compliance with the safety standards listed on the form is subject to the review of the Regatta Safety Officer(s).
- 13.4. **Each competitor is required to have an adult responsible for him/her on each race course (Championship and Green) who shall be a coach or representative from that competitor’s club or a designated on the water coach who shall not be responsible for more than 10 competitors.** Each coach or representative must monitor the

designated Race Committee VHF Channel for that particular line with his/her own VHF radio.

- 13.5.** Parents/guardians are responsible for the safety of the sailor. It is the responsibility solely of the parents/guardians of the sailor to decide if the sailor should sail in the weather and sea conditions that might arise during the event. Parents not personally attending any part of the event must ensure that another adult is authorized and designated to make these decisions for their sailor.
- 13.6.** It is required that all competitors check in when they go out and come off the water. If a competitor is unable to go on the water for any reason, the adult responsible for him/her is required to notify one of the Race Safety Officers or the volunteer responsible for the safety check-in.
- 13.7.** A boat retiring from a race shall notify the Race Committee before leaving the course and check-in with the Race Safety Officer or volunteer responsible for check-in immediately after arrival ashore.
- 13.8.** All coach, support, parent, and spectator boats must have a working VHF radio on board to monitor the event or that boat will not be allowed in the sailing area.

#### **14. Coaches**

- 14.1.** Coaches shall check in at the event. The Race Committees reserve the right to ask any coach to leave the racing area and return to the Harbor if a coach is being overly aggressive or impeding the racing. Coaches are encouraged to provide sound, safe and courteous information to the competitors between races, but are not allowed to coach during a race with the exception that coaching is allowed in the back of the Green Fleet.

#### **15. Equipment**

- 15.1.** Competitors are allowed to use only one hull, dagger board, rudder (with tiller and extension), mast, boom, sprit and sail during the Regatta. Substitution of such equipment due to damage shall occur only with the Race Committee's approval.

#### **16. Liability**

- 16.1.** Participants compete in the Regatta entirely at their own risk. Waivers must be signed by all competitors and their parents/guardians at check-in.

#### **17. Rule 47 – Trash**

- 17.1.** Competitors are reminded of Rule 47, which states that competitors “shall not intentionally put trash in the water.”

#### **18. Media Rights**

**18.1.** By participating in this regatta, a competitor and his or her parents/guardians grant to the SCYCSF and any Regatta sponsors the right in perpetuity to make, use and show, from time to time at their discretion, any photographs, motion pictures and live, taped or filed television and other reproductions of him or her during the period of the competition without compensation.

**19. RRS 3 States:**

**19.1.** “The responsibility for a boat’s decision to participate in a race or to continue racing is hers alone.” By participating in this event each competitor and his/her parent/guardian agrees and acknowledges that sailing is a potentially dangerous activity with inherent risks. These risks include strong winds and rough seas, sudden changes in weather, failed equipment, boat handling errors, poor seamanship by other boats, loss of balance on an unstable platform, and fatigue resulting in increased risk of injury. Inherent in the sport of sailing is the risk of permanent, catastrophic injury or death by drowning, trauma, hypothermia, or other causes.

**20. Trophies**

**20.1.** Opti Championship Fleet

Red Fleet: 1<sup>st</sup> through 3<sup>rd</sup>

**21. Perpetual Trophy**

**21.1.** The Maine State Optimist Championship is an open event. However, the perpetual trophy is awarded to the highest finishing “Maine Sailor.” The award of the perpetual trophy will be governed by a certification from each club that the participant, while sailing as a member of that club, is not a visiting sailor but is, in fact, an active participant in its regular programs or a seasonal/family member of that club.
