

A final decision on what courses will be sailed in the Annual Regatta can only be made on the water at the time of the race. This rationale is because of such variables as wind speed & direction, sea state, actual fleet sizes, etc.

Race Courses for the Eastern Yacht Club – ANNUAL REGATTA

On July 4, 2024

NOTE: Distances are based on forecasted wind speed and may be adjusted on the water.

<p>The diagram shows a Signal Boat (ETO) at the bottom center. Three courses are defined by red lines forming triangles with the Signal Boat and an Orange Tet. The Blue Course is the largest triangle, the Brown Course is a medium triangle, and the Red Course is the smallest triangle. A Green Tet is located between the Signal Boat and the Orange Tet. Vertical lines connect the Signal Boat to each Tet. The Signal Boat is labeled 'Signal Boat - ETO'.</p>	<p>BLUE Course</p> <p>MBSA STANDARD COURSE = C (W/L twice around)</p> <p>DISTANCE Signal to Orange Tet In nm = 2.5</p> <p>Class(s) to use = A & B & Multihulls</p>
	<p>BROWN Course</p> <p>MBSA STANDARD COURSE = C (W/L twice around)</p> <p>DISTANCE Signal to Green Tet In nm = 2.0</p> <p>Class(s) to use = C & D</p>
	<p>RED Course</p> <p>MBSA STANDARD COURSE = E (Triangle)</p> <p>DISTANCE Signal to upwind Orange Tet (M1) In nm = 2.5</p> <p>Class(s) to use = F</p>
