

2017 Atlantic Nationals Launch and Haul Instructions

KYC will be providing launch and haul by crane at the town dock (similar to 2012). Please review the following bullet points so that you are prepared to launch your boat efficiently. We are limited to launching during a 4 hour window around high tide.

Please note that we are planning one launch day on Sunday, August 20 and one haul day Saturday, August 26. This is different from the Notice of Race. Please contact Terry Britton, 720-272-4670, if these dates due not work for you.

- Sunday, August 20, 08:15 to 12:15 we will launch all the visiting Atlantics at the town dock. Please arrive early and ready.
- Saturday, August 26, 13:05 to 17:05 we will haul all the visiting Atlantics at the town dock. We will begin towing boats over at 13:00.
- We strongly encourage every boat to use its lifting eyes (rings attached to the keel bolts designed to lift the boats). If you do not have lifting eyes and require straps please let me know so that we can plan accordingly.
- We will be launching the boats with the masts unstepped. Tow boats will take boats to the KYC dock for stepping with a gin pole. Please bring up available gin poles to help step masts efficiently. KYC has one.
- Have your boat ready to tow upon launching. Have a tow line ready.
- Please unstep your mast prior to towing to the town dock for haul out.
- Trailer parking will be at the boat yard grill.
- Please call me with any question, Terry Britton, 720-272-4670
